

WP 0829

Clean & Bright

Removes dirt, grime and grease without leaving a white residue

BENEFITS

- Surface active and chelating properties ensure removal of surface dulling compounds on paint.
- Biodegradable to better than 98% over 30 days.
- Will not harm any surface unaffected by water.
- The formula will even remove black marks from paint and stone without dulling the surfaces.
- Solvent free and environmentally friendly.
- Can be used in conjunction with pressure washing and scrubbing equipment.

DESCRIPTION

Based on our range of aerospace ultrasonic cleaning compounds, Clean and Bright was developed to remove grime and dirt from the aluminum alloys commonly found on modern motorbikes without damage to paintwork or white marking of expensive alloy finishes.

PRODUCT SIZES

- 1 litre
- 5 litres
- 20 litres
- 205 litres

INSTRUCTIONS FOR USE

Can be used as supplied or diluted to 2% for effective action. May be sprayed, mopped or sponged on to surfaces and rinsed off after the desired result has been achieved.

Clean and Bright has water-shedding additives incorporated so that it dries to a streak free finish after rinsing.

PHYSICAL PROPERTIES

Colour: Pink

Appearance: liquid

Odour: characteristic.

Solubility: Soluble in water

Boiling point: No data available.

Flash point: No data available

Flammability: Will not normally support combustion.

Density: 1.03 g/cm³

pH: No data available

HEALTH & SAFETY

Hazard pictogram (CLP):

Hazard statements (CLP):

H319 - Causes serious eye irritation

Precautionary statements (CLP):

P264 - Wash hands thoroughly after handling

P280 - Wear eye protection, protective gloves

P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P337+P313 - If eye irritation persists: Get medical advice/attention
